

FAQs

An extensive FAQs section is available on the CFPC website: www.cfpc.ca/CPD_FAQs/.

Q How will credits be carried over into the new system?

A The CPD department will be working diligently to ensure that all credits will be transferred in a timely and accurate manner. Our members will not be responsible for any of the transfers.

Q How can I earn additional credits?

A Mainpro+ introduces the new Assessment activity category, as well as more practice-related options, which will make it easier to earn your credits. We will continue to offer our traditional tools such as Linking Learning to Practice (LLP) and other user-friendly online forms.

Q Is there an app for credit reporting?

A Yes! There will be a Mainpro+ app for smartphones and tablets to make credit reporting quick and easy from any location with Internet access.

Q What is the purpose of the impact assessment?

A The impact assessment serves as an evaluation tool to provide feedback on CFPC-certified programs. It also gives members a chance to plan for how what they've learned can be applied to practice. Partially completed assessments and supporting documentation can be saved in this area until the member is ready to complete them. The impact assessment will also direct members toward more ways of earning credits for additional learning related to the activity in question.
